FYP –I/FYP-II Meeting with Supervisor and Response to Tasks

Project Title	Forensic Acoustics for Synthetic Speech Detection
Supervisor Name	Mr. Faran Mehmood
Co-Supervisor Name	

Project Member Name	Rana Muhammad Areeb Muhammad Hasnain				
Reg. No.	220201004 220201022	Email	220201004@ist.edu.pk 220201022@ist.edu.pk		
Meeting No.	12	Date	10/12/2025	Time	12:00pm

Action Items
• Begin full-scale Log-Mel extraction for the clean dataset. • Optimize the extraction script for faster processing (batching, parallel I/O). • Continue refining manifest files for both LFCC and Log-Mel features. • Prepare plan for baseline LCNN training using dual-feature comparison. • Study transformer-based architectures to prepare for later phases.

Progress on previous Items (if any)
• LFCC extraction reached ~90% completion; remaining files queued for processing. • Log-Mel extraction tested successfully on multiple samples; initial script validated. • Manifest structure for clean dataset completed and partially verified. • Baseline LCNN architecture fully understood; preliminary code modules prepared.
